

Twitter Instructions

1. Go to <http://twitter.com>
2. Create an account with a user name and password
3. Create your profile
4. Click on the account tab
5. Fill in the information you want to use. Make sure to place a check mark by Tweet Privacy to protect tweets and on the https only which makes it more secure/
6. Under the mobile tab select the choice you would like to use.
7. Click the notifications tab and select the choices you want to apply
8. Under the design tab you can choose how you want your twitter page to look.
9. Under the applications tab select the choices you would like to apply
10. To compose a tweet click on the blue button on the top right hand side that looks like a feather
11. To have parents join your tweet send them the <http://twitter.com> and give them your twitter user name. They will also need to set up a twitter account.
12. They will need to type in your user name in the search bar and open your page
13. To follow you they need to click on the follow user button
14. You will then get a request to accept them as a follower
15. Once you have accepted them every time you compose and send out a new tweet they will get a notification, either through email or twitter however they set up their account.
16. You are able to type up to 140 characters when sending a tweet it is a great way to remind parents of test, book fair money, field trip money, or any other information you need to send out quickly.
